RAFFAELLO

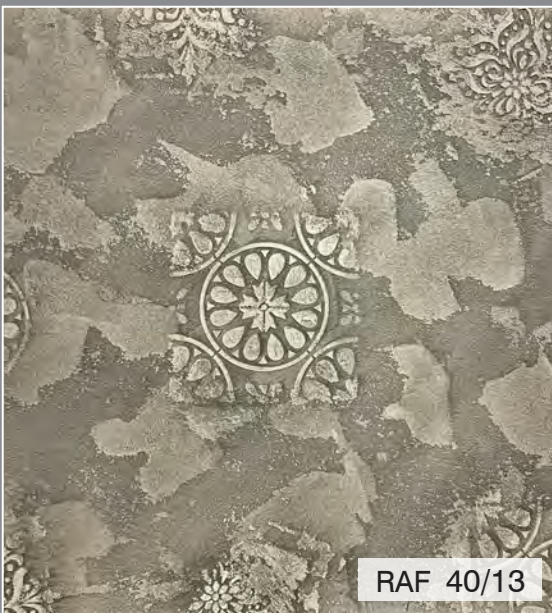

RAF 40/11

RAF 40/12

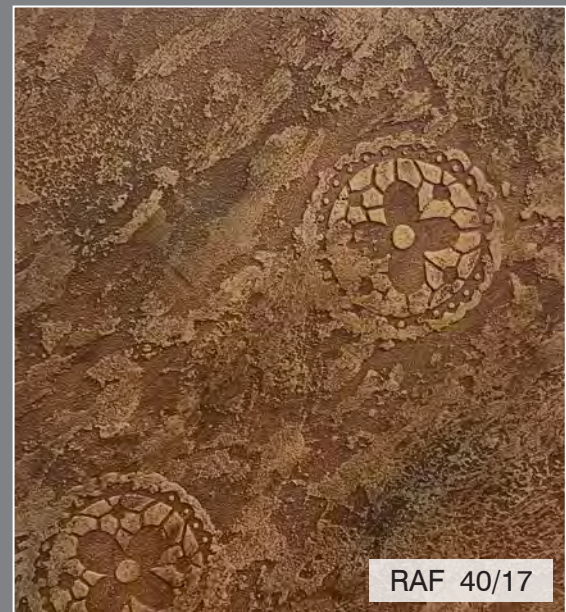

RAF 40/13

Inspired by art and design by famous Italian architect Raffaello Sanzio, Raffaello series is as breath-taking as his designs and architecture range. This contemporary art finish is a result of mixed emotions.

RAF 40/14

From timeless plastering and rendering to stenciling and patch working. Mixed colours of nature with different hues and tones, adds to this piece of art and accentuates a contemporary lifestyle.

RAFFAELLO

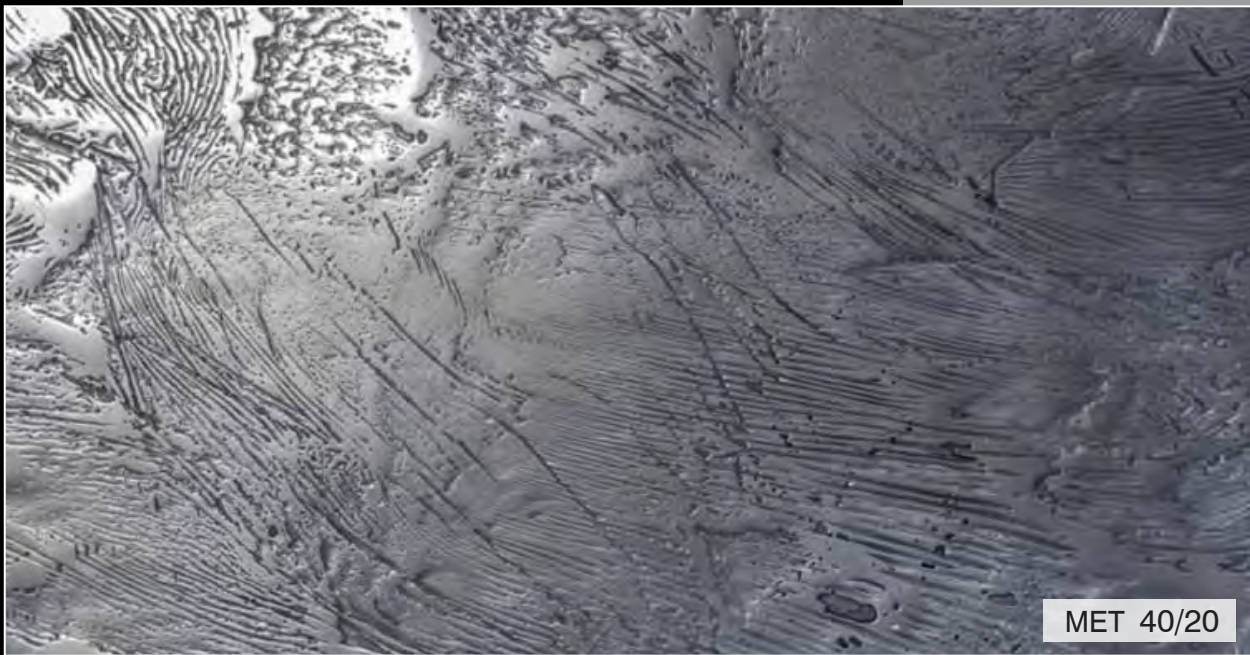

MET METALLO

MET 40/19

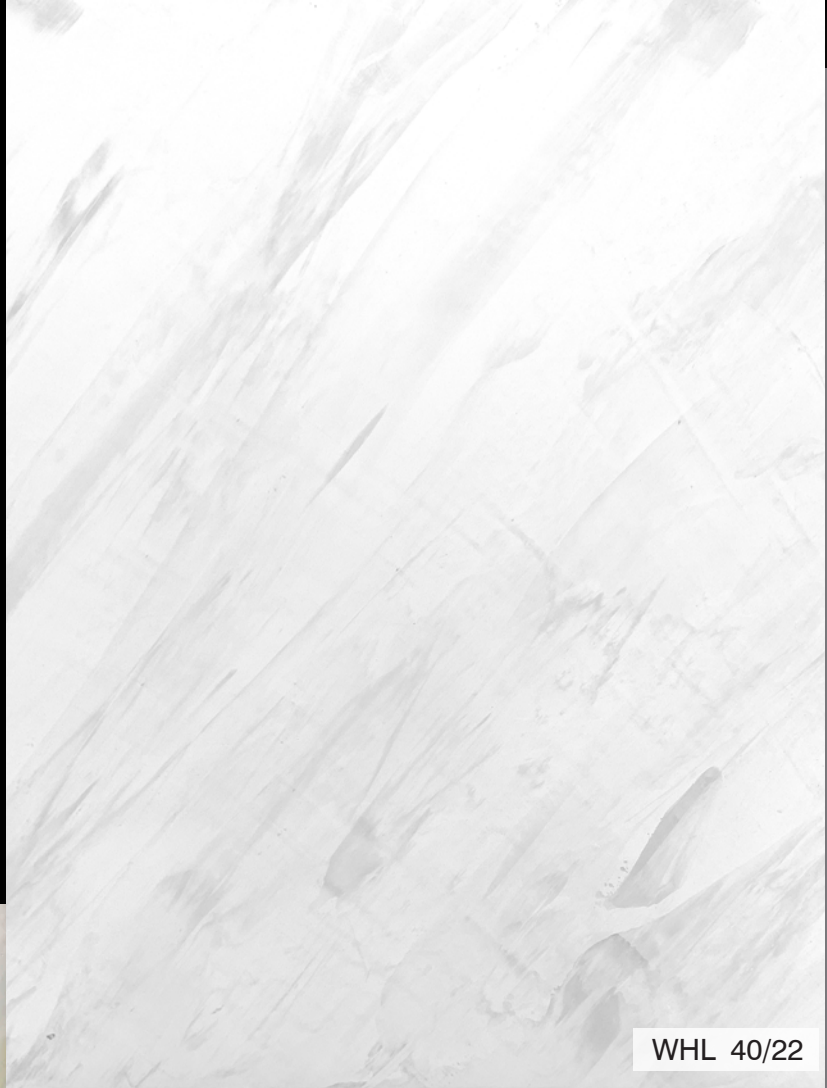

As the creation self defines its name, the liquid metal on a stony texture brings out the robustness of the area with hue washes of ancient micaceous pigments. It truly is the last word for wall aesthetics.

A succulent stucco art work defining ancient time works with wavy strokes and mirror gloss like effect. What highlights the ambience with this artwork is the soft touch of this finish making it smoothing and relaxing to look at.

WHITE LADY

WHL 40/22

GREY LADY

GRL 40/23

HERMES

A neo classical bare concrete finish one might find in the high streets of New York, Opulence of the French Riviera and Echelons of Milan.

HR 40/24

HR 40/26

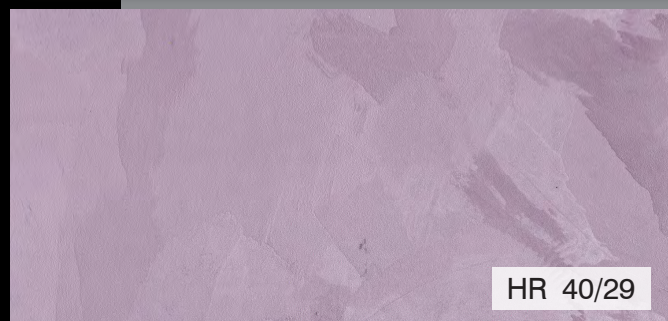

HR 40/27

VELVETINO

Velvetino provides an unusual silk effect and extraordinary beautiful luminescent metallic reflections. Very elegant look to the walls.

HR 40/28

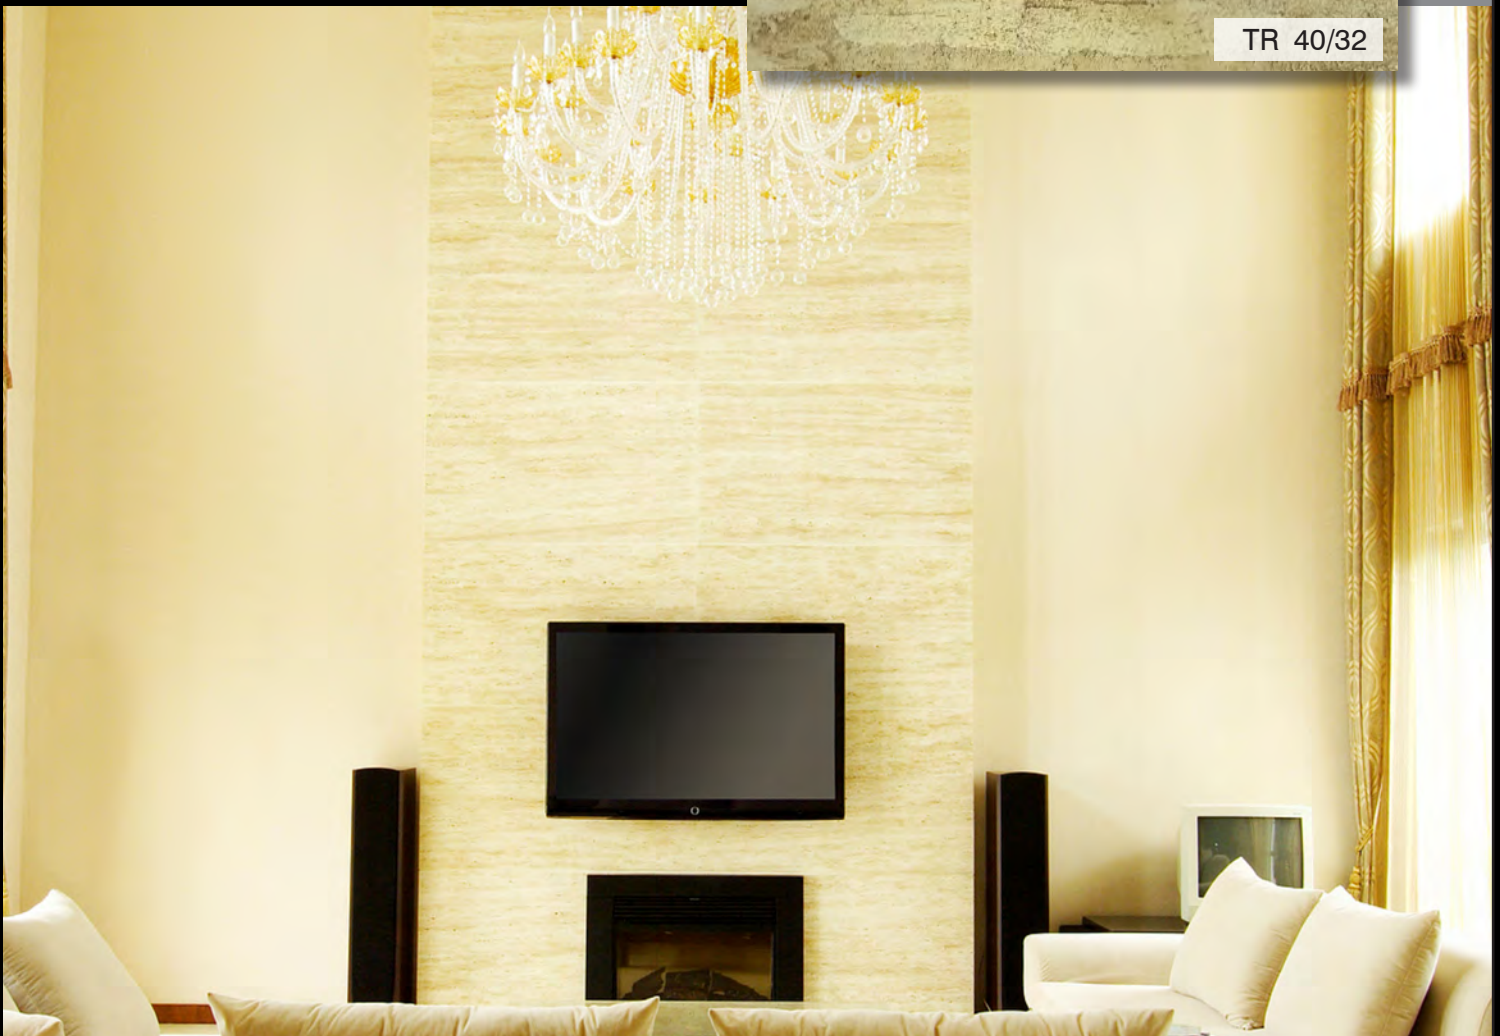

HR 40/29

TRAVERTINO

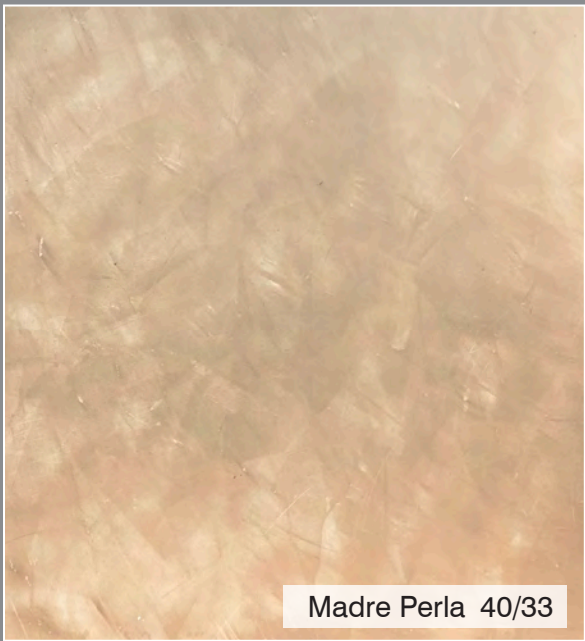

Travertino provides the classical aged look of a tumbled stone. It is soft and delicate to look. The soft and earthy hues of this natural stone finish keeps it in tune with nature.

NEBU NEBULA

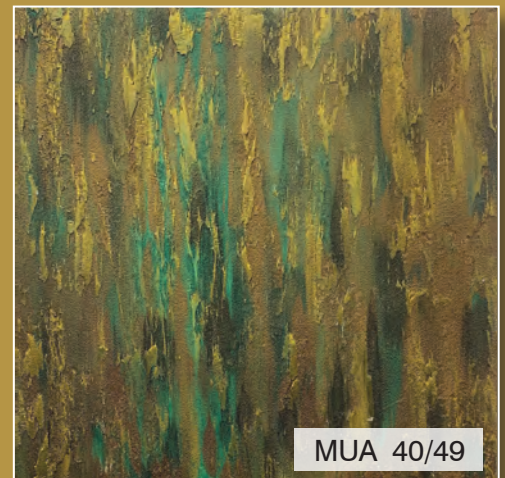

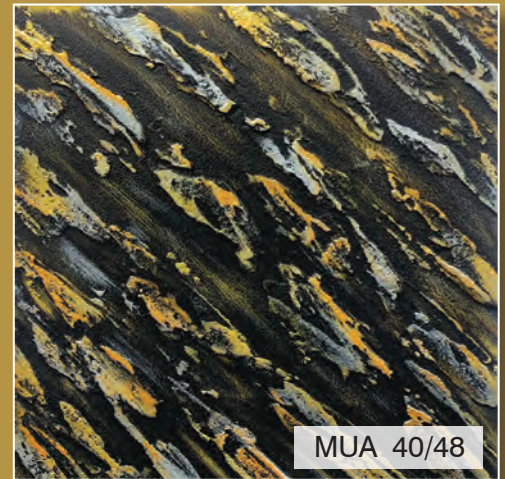

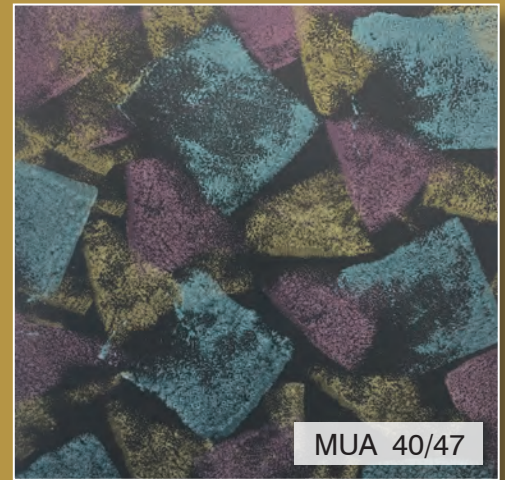

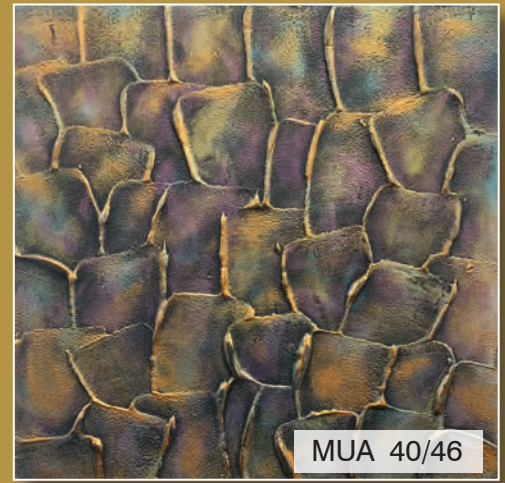

A show case of transient times; past, current and the future. An amalgamation of mastery in art deco with the naive attitude of the master artist. Colours and tone selections are on an earthy hue, making this piece of art an eye stopper.

NAB 40/44

MURO ART

A timeless art of murals which are inspired by the nature around us. These are various forms of abstract, inspired by different forms of mother nature.

CRA CRAQUELURE

A charade to cover the authenticity of the finish, takes its inspiration from the word 'deception'. This depicts "To show more than required" in true sense. The art décor can be defined as striking yet subtle.

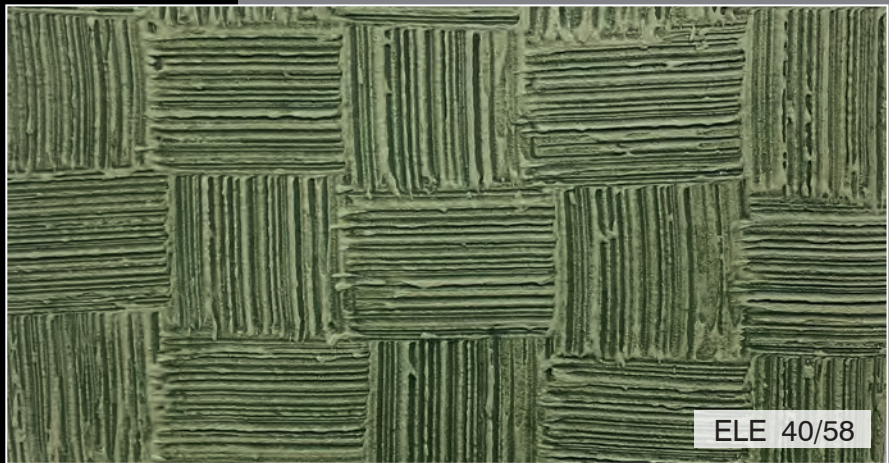

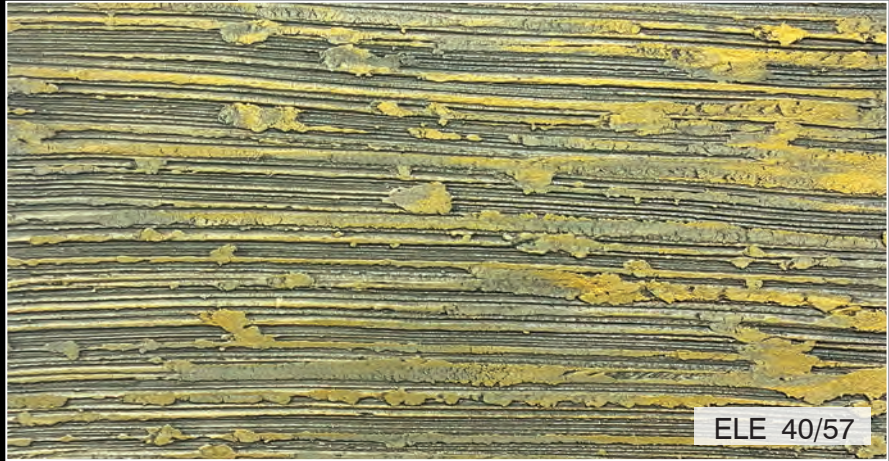

CRA 40/55

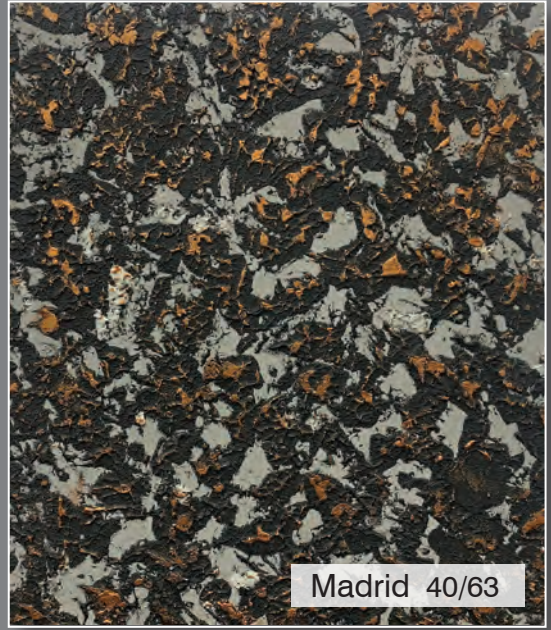

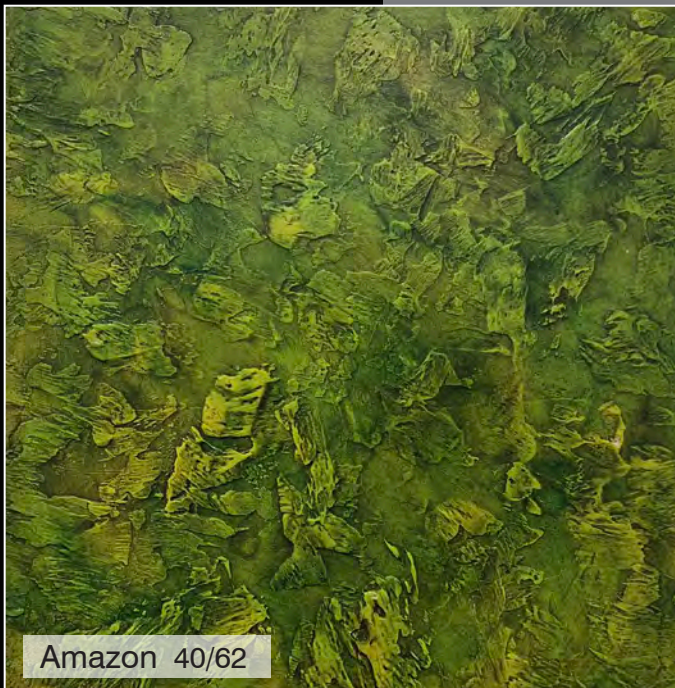

CRA 40/56

ELE ELEGANZA

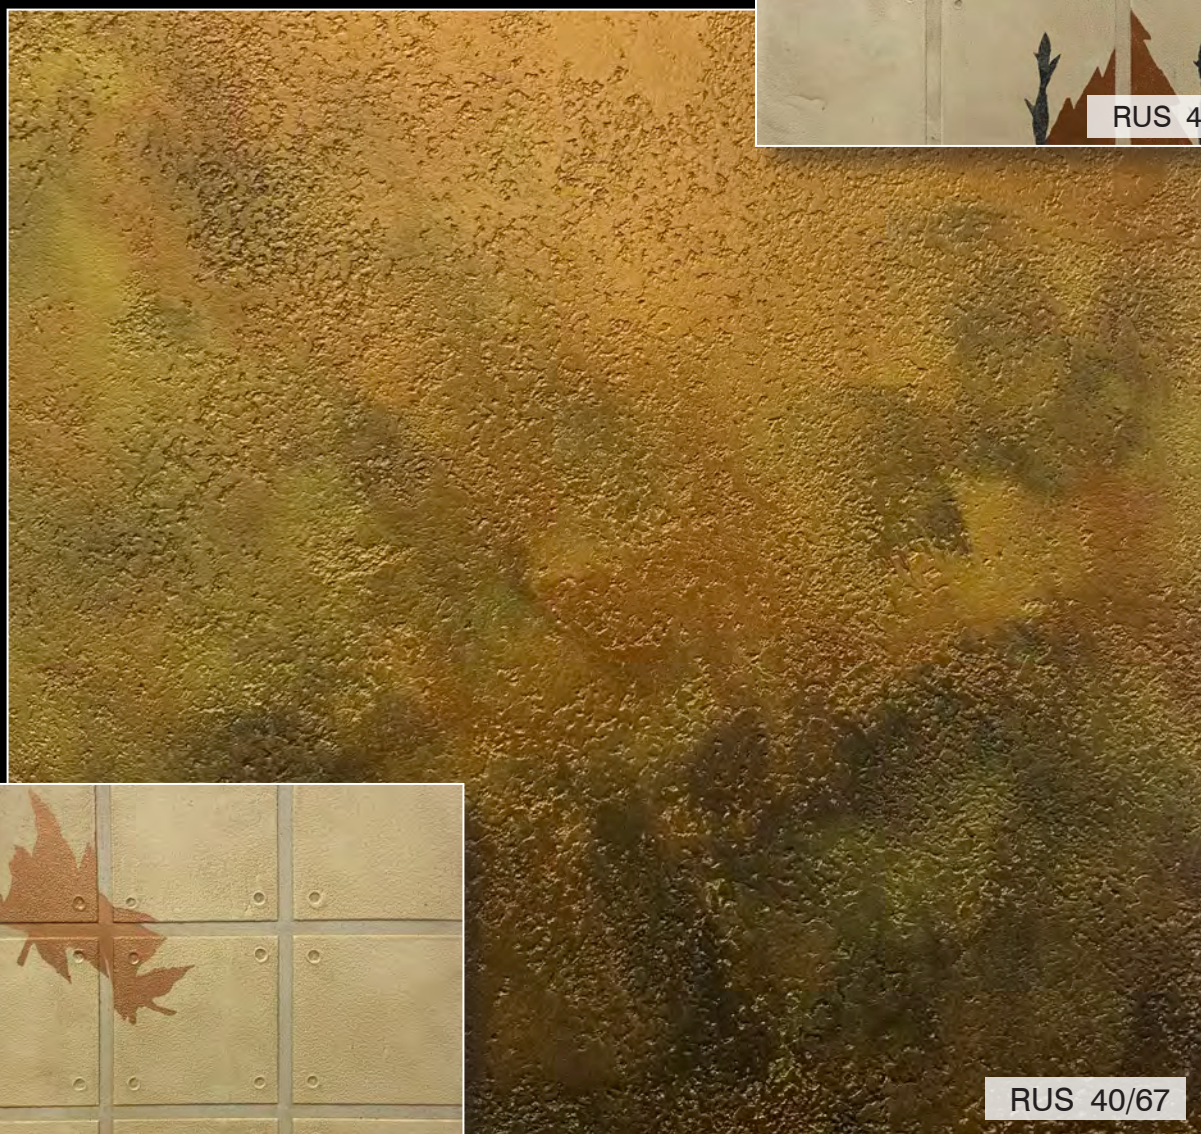

This depicts natural geometry of elegant art work. It is available in myriad designs and patterns like horizontal lines, vertical lines, criss cross lines, etc.

RUSTLE

This collection is a depiction of the season 'Fall'. As the leaves from the tree fall on the ground, this emotion is captured with this artform. Available in matt colors, also in liquid metal colors.

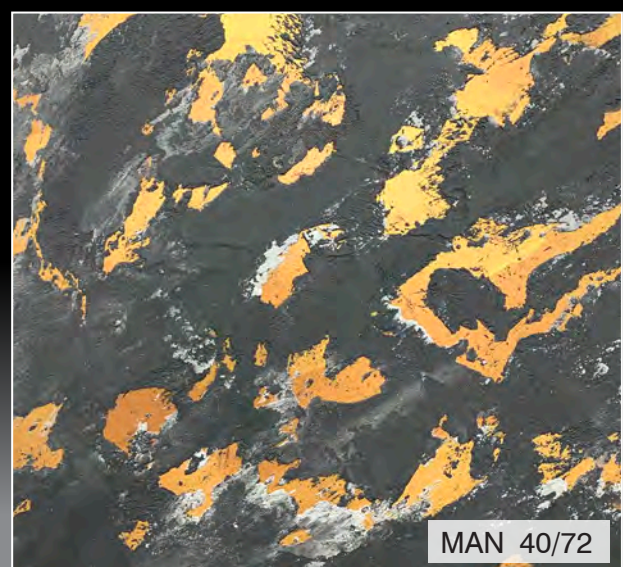

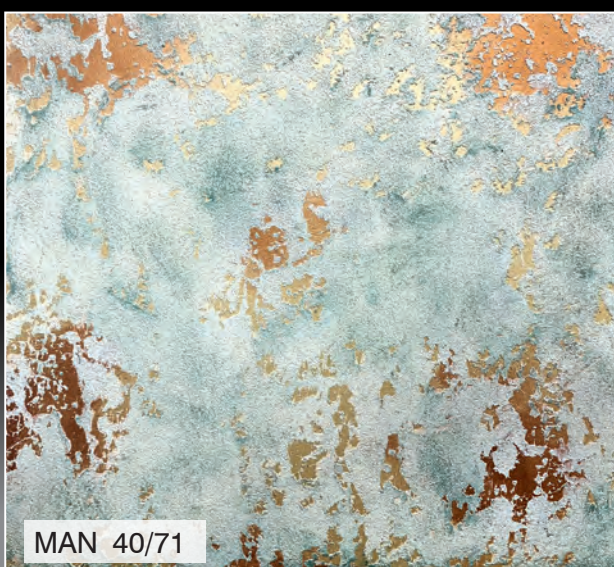

PEARL SKIN

Pearl Skin turns drab areas into an exotic work of art. Enchanting designs are created by expert applicators in Mother of Pearl, Reflective and Metallic colors.

MURO ANTICA

Muro Antica provides antique art effects as were widely used in the country residences of Renaissance Italy.

ANTIBACTERIAL ACTIVITY

1. Test Bacteria: Escherichia Coli

Quantitative Assessment of Activity- IS 2 2801: 2010

Untreated: Concentration of inoculum in untreated (Log: 5.75 x 10 ⁷ CFU/ml)	Log = 6.76			
Untreated: Concentration after 24 hour of incubation (Log: 3.35 x 10 ⁷ CFU/ml)	Log = 6.69			
No. of bacteria recovered in untreated (U)	2150000			
Antibacterial Activity: R- (U) - (A) - (U)				
Sample Identification	No. of Bacteria Recovered (A)	Log Bacteria recovered (A)	Antibacterial Activity (U) (value criteria : not less than 2)	Microbial Kill (% Reduction)
Spanxela HealthPro clear Virus And Bactericidal Multi Surface water based silver nano hygiene coating	3600	3.5	2.89	99.9

2. Test Bacteria: Virus (MS2 PHASE)

Quantitative Assessment of Activity- IS1 - MS2 - 60P - 32

Concentration of inoculum in untreated (Log: 4.50 x 10 ⁷ PFU/ml)	Log = 5.66			
Concentration after 24 hour of incubation (Log: 2.28 x 10 ⁷ PFU/ml)	Log = 5.36			
No. of Virus recovered in untreated (U)	228000			
Antibacterial Activity: R- (U) - (A) - (U)				
Sample Identification	No. of Virus Recovered (A)	Log Virus recovered (A)	Antibacterial Activity (value criteria : not less than 2)	Viral Kill (% Reduction)
Spanxela HealthPro clear Virus And Bactericidal Multi Surface water based silver nano hygiene coating	200	2.3	3.06	99.0

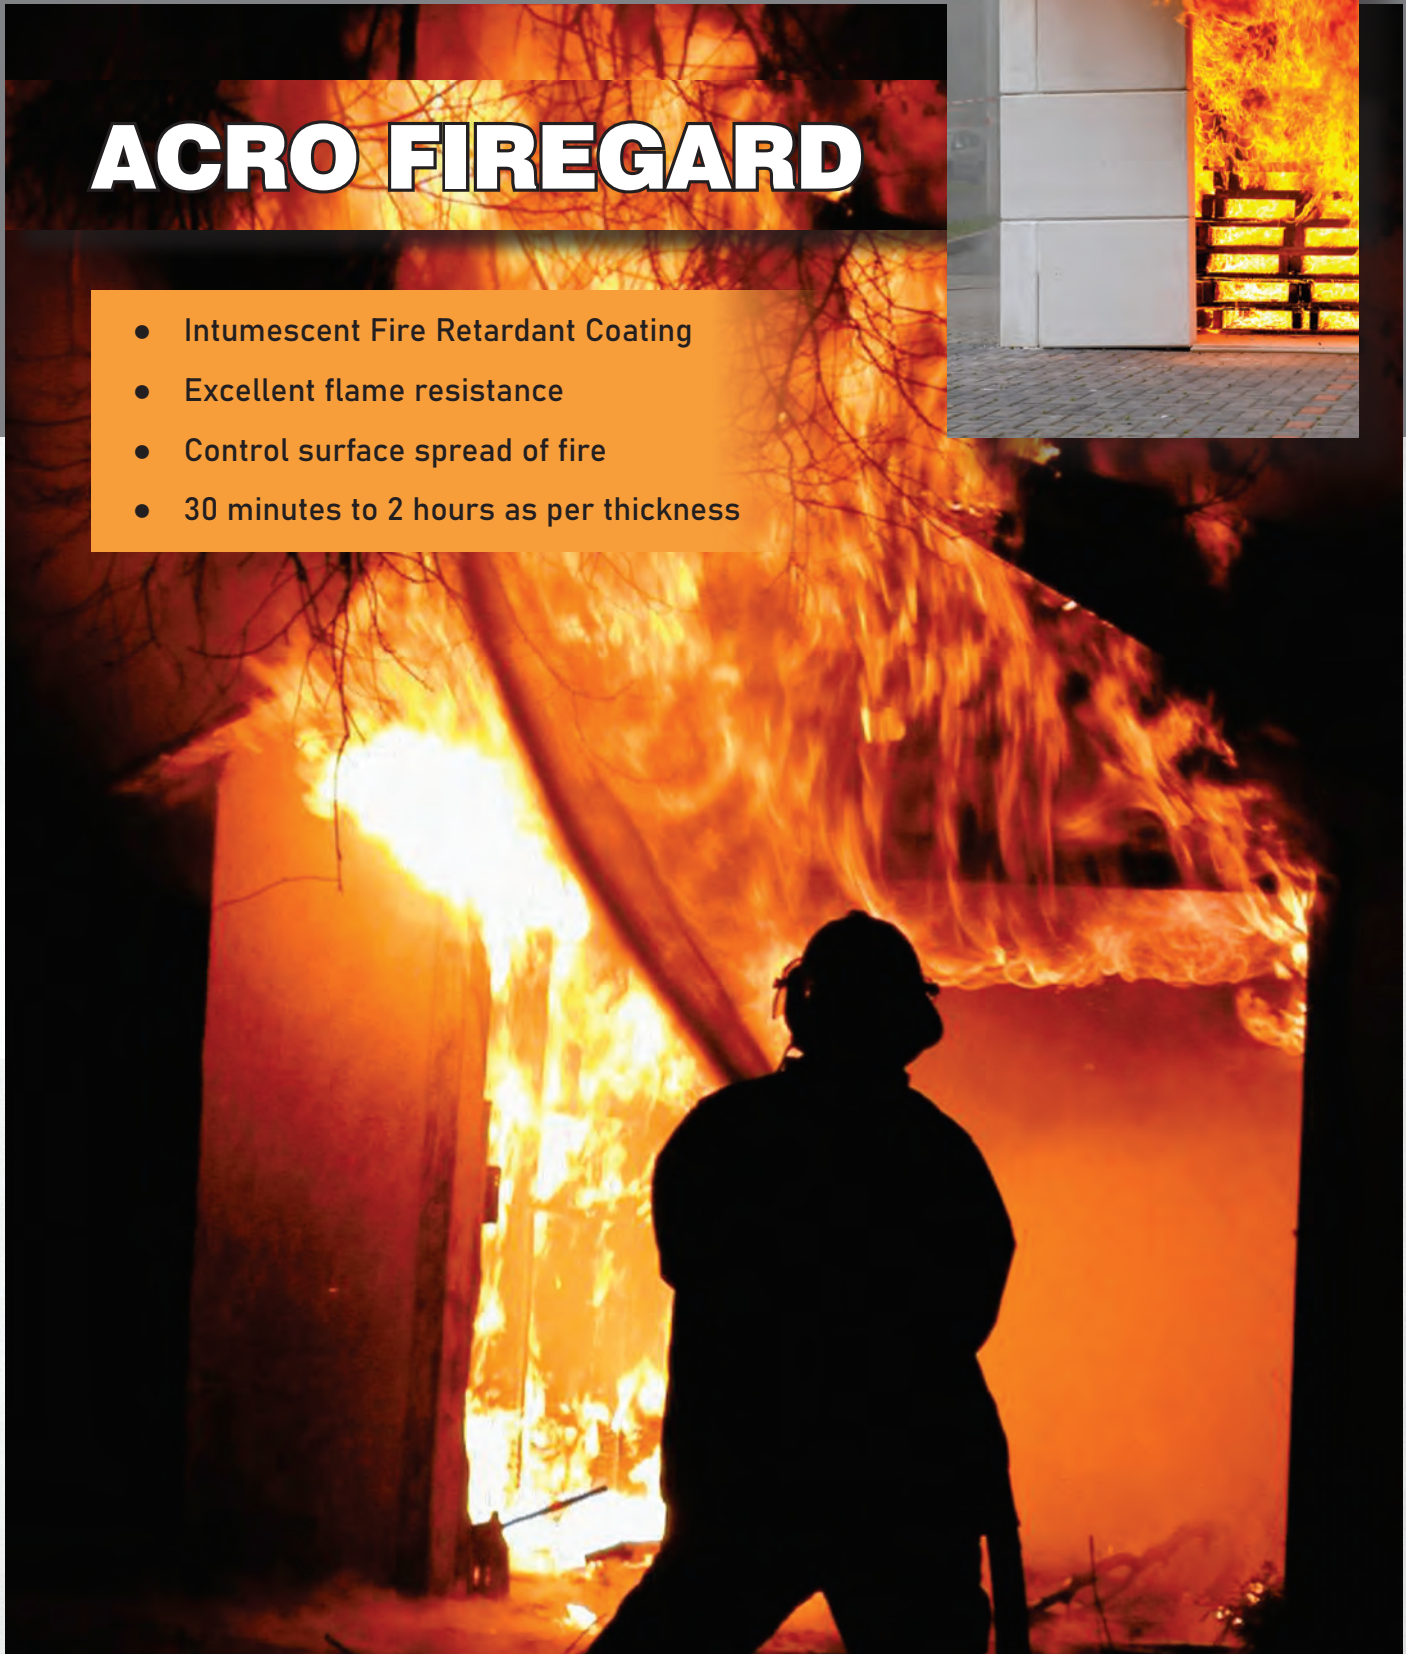

Test Report:
The standard Antimicrobial value of Evaluation: R > 2
Conclusion:
When tested as specified antibacterial Spanxela HealthPro clear Virus And Bactericidal Multi Surface water based silver nano hygiene coating sample treated PASSES the quantitative assessment of activity tested as per IS 2 2801: 2010 test method.
